

In three simple steps, you can upload your ebook to your smartphone

---

1. Reader e.g. download Bluefire Reader via Play Store (for free) to your smartphone.  
At iPhone, a reader already exists

2. You will receive a link from Gromaverlag. Follow this and download epub file

In three simple steps, you can upload your ebook to your smartphone

---

3. Now the book is ready for reading and is automatically saved in the library
